PRODUCT INFORMATION

VALVOLINE™ SYNTHETIC COMMONRAIL SAE 5W-30 ENGINE OIL

Valvoline Super Commonrail SAE 5W-30 is high performance fully synthetic diesel engine oil formulated with high quality synthetic base oils and latest additive technology of Valvoline to provide maximum protection and performance under all operating conditions. It is designed for use in 4x2 and 4x4 pick-ups with CDI, TDI, ZDI engine with Turbo or VG Turbo together with Commonrail injection that require maximum performance. It also can be used with all kind of diesel fuel including biodiesel i.e., B5, B7, B10 or B20.

BioDiesel Compatible

SYNTHETIC COMMONRAIL ADVANTAGES

- Provides maximum protection against wear and piston deposits.
- Provides maximum lubrication. The engine runs smoother and more powerful.
- Provides optimum viscosity and fluidity across a broad range of temperatures.
- Extend engine life.
- Extend oil drain intervals.
- Provides maximum fuel economy.
- Flows easily at low temperatures for enhanced cold start protection

PERFORMANCE LEVEL
ACEA A3/B4-16
Mercedes Benz MB 229.3
Volkswagen VW 502.00/505.00

Typical properties:

Typical Properties characteristics are based on current production. Whilst future will confirm to Valvoline specification, variations in these characteristics may occur.

Typical Characteristics	
SAE Viscosity Grade	5W-30
Kinematic Viscosity, cSt @ 100^{o}C	10.40
Viscosity Index	156
TBN, mg KOH/g	7.60
Pour Point, ^{o}C	-30
Flash Point, COC, ^{o}C	240
CCS@ -30 ^{o}C, cP	5800

This product is not likely to present any significant health or safety hazards when properly used in recommended application and good standards of personal hygiene are maintained. Reference is made to Safety Data Sheet (SDS) which is available on request via your local technical or sales representative.
