

VALVOLINE DEXRON III / MERCON TRANSMISSION FLUID

Premium passenger car Automatic Transmission Fluid

Valvoline™ Automatic Transmission Fluid Dexron-III (Automatic Transmission Fluid) is an automatic transmission fluid formulated to meet the requirements of the General Motors Specifications GM 6297M for a Dexron®III Fluid and Ford Mercon® for Ford transmission.

Valvoline™ Automatic Transmission Fluid Dexron-III is a premium automatic transmission fluid specially formulated to meet the needs of today's more compact transmissions, running at higher operating temperatures and with electronic control. It is recommended for use in automatic transmissions, where the manufacturer prescribes a GM Dexron IIE, Dexron III, or Ford Mercon fluid. Not for service use where Type F and M2C 33F and G Type Fluids are specified. It is not suitable for Mitsubishi front wheel drive automatic transmissions.

AUTOMATIC TRANSMISSION FLUID DEXRON III ADVANTAGES

- **Superior Protection**: Through use of advanced additive chemistry ATF DEXRON-III fights the three major causes of transmission failure – heat, deposits and wear.
- **Enhanced viscosity control**: Delivers improved performance and durability.
- **Cold start properties**: Low temperature viscosity results improved shift performance at low temperatures.
- **Wear protection**: Excellent wear protection enhances transmission life and shift consistency.

PERFORMANCE LEVEL
Dexron IIIH
Mercon
Suitable for use where specified:
Dexron IIE
GM 6297M
Allison C4
FORD M2C 166-H
FORD M2C 138-CJ
CATERPILLAR TO-2

Typical properties:

Typical Properties characteristics are based on current production. Whilst future will confirm to Valvoline specification, variations in these characteristics may occur.

Typical Characteristics	
Viscosity @ 100°C, mm2/s, ASTM D445	7.1
Viscosity @ 40°C, mm2/s, ASTM D445	34.7
Viscosity Index, ASTM D2270	175
Density @ 15°C, kg/L, ASTM D4052	0.857
Pour Point, °C, ASTM D5950	-42
Flash Point (COC), °C, ASTM D92	216

This product is not likely to present any significant health or safety hazards when properly used in recommended application and good standards of personal hygiene are maintained. Reference is made to Safety Data Sheet (SDS) which is available on request via your local technical or sales representative.
